## The Battle Cry of Peace

Sagamore Hill,  
Nov. 1, 1915.

My Dear Mr. Blackton:—  
I desire, as a good American,  
most heartily to thank you for  
"The Battle Cry of Peace." You  
are doing your part as a patriot  
to wake the people of this na-  
tion to their needs and duties.  
The highest duty of our great  
peace-loving and liberty-loving  
democracy is to prepare in ad-  
vance so as to be able to defend  
itself and defend the causes and  
principles it holds dear from as-  
sault. \* \* \* The motto of the  
United States in this matter  
should be millions for defense,  
but not one cent for tribute or  
aggression.

Yours truly,  
THEODORE ROOSEVELT.

This is one of thousands of  
letters received by Producer  
Blackton from representatives  
of church, state, army, navy.  
"The Battle Cry of Peace,"  
the great national photoplay, as  
a spectacular production has  
never been surpassed, and with  
one exception never equalled.  
30,000 people—5,000 horses—  
dreadnaughts—submarines—  
sea planes—machine guns—ar-

"THE SALESLADY"

Cool Off on Grayback—  
The C. D. Thompson and Ralph  
Riley families are spending Sunday  
on the cool slopes of Grayback moun-  
tain.

Two Sundays—  
To sleep after the Murphy dance,  
Saturday, September 2. 834

Visit Crater Lake—  
Mr. and Mrs. Geo. Sabin and child-  
ren, Lynn and Marion and Mr. and  
Mrs. Frank Masburn left this morn-  
ing for Crater lake. Several days  
will be spent in the trip, the party  
intending to return Tuesday.

Englewood Dairy, Phone 229—  
The pure milk dairy. 692tf.

Forest Fire on Baldy—  
A forest fire on the northwest  
slope of Baldy created much smoke  
Saturday, and last evening the sides  
of the mountain showed many glit-  
tering fires like the lights of a city.  
It is thought that no material dam-  
age resulted.

Plats of Grants Pass—  
Blue print plats, revised and cor-  
rected to date, showing present  
ownership of all large tracts, for sale  
at the Courier office, \$1.50. 827tf

Spend Day at Cave Camp—  
Mr. and Mrs. C. L. Hobart, Frank  
South and R. E. Kroh went to the  
Cave Camp this morning and will  
spend the day in the shade of the  
big trees on Grayback. Mr. and Mrs.  
Claud Trimble are also at the Camp  
for the day.

O. & C. Grant Lands—  
Blue print plats of Josephine and  
Curry counties showing O. & C. land  
grant sections, for sale at the Courier  
office, \$1.50. 827tf

Inspect Timber Holdings—  
Watt Shipp of Portland and Es-  
come timber holdings belonging to  
Jus Pollock, county assessor, spent  
several days in the mountains near  
Jump-off-Joe. They were inspecting  
Mr. Shipp. They returned yester-  
day and the visitor expressed him-  
self as delighted with the country.

Specials for Monday—  
Bologna 10c lb.  
Liver Sausage 10c lb.  
City Market.  
Phone 52 for quick delivery.  
5 percent discount for cash. 834

Temperature High Here—  
The temperature here has been  
hovering about the hundred mark for  
several days and many are seeking  
relief in the river. Thursday, there  
were 243 people at the bath house  
and Friday 253 were in the river.  
The water is now about 70 degrees.  
The bathing facilities at the park, ac-  
cording to people who have visited  
other resorts, are the best liked.

Heston Again Wins Fame—  
A fellow named Heston won a fat  
man's race at a Detroit business  
men's picnic a few weeks ago. After  
penetrating the corpulent disguise of  
the victor, the natives discovered that  
he was the same Willie Heston who  
made Michigan football history 14  
or 15 years ago, and who still is re-  
garded as the greatest plunging half-  
back of all time.—Journal.

Warm Enough For You?—  
"Oh, yes! But I am finding my  
housework about twice as easy and  
my home more comfortable this  
summer because I use a gas range." You  
can get one at small cost and on  
easy terms from the Oregon Gas &  
Electric company. 834

Boys Steal Melons—  
Many complaints have been made  
of boys stealing watermelons and  
cantaloupes. Several farmers who  
depend upon their melons for a part  
of their income have suffered losses  
from this source. The general im-  
pression seems to be that melons  
are a public property and belong to  
the first person to get them. A few  
arrests have been made and more are  
likely to follow as the farmers are  
determined to put an end to the  
stealing.

Good Business—  
That's what paying by check is.  
It is system, and convenience, and  
thrift. It establishes you with  
trades-people, your landlord, the  
bank with whom you deposit, and  
others. Pay by check on the Jose-  
phine County Bank. 834

Marriage License Issued—  
License to wed was issued last  
evening to Amos F. Williams, of the  
Wardrobe, and Miss Marie Fallin.

Japanese Boy Dies—  
Uafubra Hamal, second son of  
Kumakichi Hamal, died at the home  
of his parents on East A Street at  
noon Saturday, August 26, at the age  
of 16 years, nine months, the cause  
of death being tuberculosis. Uafu-  
bra was born in Japan, coming to  
America in September, 1910, with his  
parents and brothers and sisters.  
With a sister, he had been working  
in Alaska, but came to the parental  
home August 11, where loving hands  
attended him to the last.

Improves With Age—  
So they say of Harold Bell Wright.  
His new book, "When a Man's a  
Man," is a great story. His charac-  
ter "Patches" is a genuine man, from  
whom we may all get valuable point-  
ers. His most popular previous book,  
"The Eyes of the World," which you  
should read, if you have not, has  
just been received in the reprint edi-  
tion, which now sells at 60c. It may  
be seen in our window. Besides these  
we have the other late books and re-  
prints. Come in and look them over,  
Sabin the Druggist. 834

Special Stops Here—  
The special train containing the  
members of the Chamber of Com-  
merce of San Francisco arrived here  
at half past eight yesterday and re-  
mained in town for an hour and a  
half. The visitors were taken out  
through the valley, a large number  
of cars being offered for the oc-  
casion. They reported a most enjoy-  
able time here and complimented the  
citizens on the town and the sur-  
rounding country. The presentation  
of fruit and flowers made a big hit  
with the merchants and many left  
with the expressed intention of visit-  
ing this place again.

See Many Deer in the Hills—  
Game Wardens Jewell and Apple-  
gate have returned from a trip  
through the district beyond Galice  
where they investigated a number of  
hunting camps, but found no evi-  
dence of the rumored law violations.  
They visited one camp where nine  
deer were hung up, but all had been  
killed legally by the 10 people who  
were in the party. Deer were plenti-  
ful, and the wardens counted 31 dur-  
ing their travels, about a dozen of  
them being fine bucks. The antlers  
of the bucks in the higher ranges  
have not yet reached their growth,  
though lower down along the river  
the antlers are now being cleaned of  
the velvet.

Options on Beet Land Expires—  
Some time ago options were ob-  
tained on a vast acreage of land in  
Sams valley and tributary valleys by  
the Page-Dressler company, presum-  
ably with the view to establishing a  
great sugar beet industry in that sec-  
tion. It was rumored that a colony  
of Russians was to have been estab-  
lish on the land. The options on the  
land which is mostly in small ranches,  
expires on September 1. According  
to J. I. Fredenburg, who was in from  
his Sams valley ranch Thursday, the  
people out in that section have re-  
ceived no indication as to whether  
the holders of the options will make  
any attempt to have them extended.  
A big deal, in fact the biggest land  
deal in years, would not come as a  
surprise during the next few days  
should the company decide to close  
on the options.—Ashland Tidings.

Exploring-Trading Expedition, which  
would lead to a point 700 miles north  
of Point Barrow, where Explorer Ste-  
fananson was waiting for the party.

Miss Anita Allen, Stanford univer-  
sity co-ed; Mrs. Lane and Miss Isabel  
Robson had sailed from Seattle  
aboard a passenger steamer for Nome  
and were to have been picked up  
there by the Great Bear. The craft,  
on her maiden voyage, was built at  
Seattle especially for ice bucking and  
carried a cargo of guns, whaling  
equipment, ammunition, canned  
goods and clothing which was to have  
been traded to the natives of the  
north for furs.

A moving picture expert was along  
with a complete outfit to film the top  
of the world and show Charlie Chap-  
lin to the Eskimo. It was believed  
to be the most completely equipped  
expedition that ever left Seattle.

Captain Lane, an experienced  
Arctic mariner, found Stefananson a  
year ago on Hirschell Island and sold  
him his ship, the Polar Bear, and  
cached a cargo of furs in the north-  
land, which he was going to pick up  
with the Great Bear.

The Great Bear was of 223 tons  
net, was built especially for the ex-  
pedition in 1915. John Borden, of  
Chicago, son of the milk millionaire,  
was the chief backer of the enterprise.  
The Great Bear cost \$45,000 and was  
considered the last word in motor  
construction.

MISSOURI CONVICTS IN  
DARING ESCAPE

Jefferson City, Mo., Aug. 26.—  
During a violent thunderstorm early  
today four of the most dangerous  
convicts in the state penitentiary here

made their escape. The men cut their  
bars with saws made of shoe knives,  
ran through a tunnel and then cut  
through a six-foot brick wall into the  
stockade. A ladder aided them to  
climb the wall and gain their free-  
dom. They are still at large. They  
are William Webber, Jasper county,  
murder, life sentence; Tom McCall,  
Jasper county, 10 years, burglary;  
Tom Finney, sentenced Kansas City,  
1913, 10 years, burglary, and Harry  
Marris, Marion county, sentenced 10  
years in 1912, burglary.

## WIFE CAUSES THE ARREST OF SPOUSE

F. B. Sanford, a local mining man,  
was haled into court Saturday upon  
the complaint of his wife, Mrs. Geo-  
rgia Sanford, who alleges that her  
Hedge lord has committed the crime  
of larceny by taking from her home  
various and diverse articles of femi-  
nine wearing apparel, waists, skirts,  
petticoats, underwear, etc., her prop-  
erty, of the value of \$200. Sanford  
was arrested upon the charge and  
taken before Judge Gillette, where he  
gave bond in the sum of \$200 for  
his appearance next Thursday at 10  
o'clock for a hearing. The trouble  
is the outcome of differences in the  
Sanford household.

## DEUTSCHLAND WILL RETURN TO THE U.S.

Bremen, Germany, Aug. 26.—The  
German submarine Deutschland made  
her 8,200-mile journey to the United  
States and back with scarcely a  
scratch, Captain Paul Koenig, de-  
clared today, while he rested from  
the fatiguing banquets and public re-  
ceptions that followed the Deutsch-  
land's arrival at Bremen.

The big submersible showed no evi-  
dence of the long journey, except that  
she was blackened aft by the smoky  
exhaust from her engines. She made  
her way to Bremen under her own  
steam.

The Deutschland is now lying  
alongside a tug owned by the Ocean  
Trading company, while she is being  
overhauled for the return voyage to  
America. As a precaution against  
possible accident by allied spies, she  
will be guarded day and night during  
her stay here.
